## Composite Armboard Pads

Three styles of armboard pads are available (Flat, Contoured, and Incline) complementing our full line of O.R. Replacement Table Pads. The five varying construction types offer a range of heights, pressure management options, and price points to meet every facility's needs.

Flat

Contoured

Incline

► See our Support Surfaces Brochure for more details.

## Arm / Hand Stabilizer Strap

This reusable strap features a soft polymer section to protect patient's skin while stabilizing arm/ hand. Strap is secured with attached hook and loop.

## Toboggan Pad

This pad is for use with the arm/ leg guard shield (toboggan). Together they secure the arm or leg position on the table and protect the patient from being leaned on or pinched during the procedure.

The polymer pad cushions and helps protect the arm's ulnar and radial nerves.

The small film pocket slips on to the shield and pad is secured by hook & loop attachment (included).

*The shield is only sold with the set.*

\*Warranty covers pad only.

\*Toboggan Armguard Shield is not available for sale or shipment outside of the United States and Canada.

## Mayo Stand Cover

Use to prevent pressure and nerve damage when limb is positioned on the Mayo Stand during procedures.

5/8" polymer pad is sealed along three sides to a thick, durable film creating a pocket that slides easily on to the top of the Mayo stand.

**40717** 21 L x 18 1/2 W x 5/8 H" 53.3 x 47 x 1.6 cm

## Hourglass Hand Table Pad

Reusable 1/2" polymer overlay designed for surgical procedures involving the forearm, elbow, or hand utilizing the hourglass hand table. Good for lengthy hand microsurgeries requiring additional pressure and shear relieving support. Fits most standard hourglass hand tables.

**40330** 32 L x 24 W x 1/2 H" 81.28 x 60.96 x 1.27 cm

AKTON polymer with soft, flexible film surface

High-density Foam

## Hand Table Composite Pad

Designed for surgical procedures involving the forearm, elbow, or hand. Good for lengthy hand microsurgeries requiring additional pressure and shear relieving support. Pad combines an AKTON polymer patient surface atop a high-density foam base featuring fully-welded, non-stitch construction. This pad is designed/constructed with the same pressure management benefits as the Action Products' "Original" O.R. table pads.

**40320** 34 L x 16 W x 2 3/8 H" 86.36 x 40.64 x 6.03 cm

## Ulnar Nerve Protector

This pad helps to protect the patient's ulnar nerve while providing greater visibility and access for IV or A-line for anesthesiologist. Pad is placed around the elbow and secured with attached hook & loop. Maximum pad circumference is approximately 15.75" on the small and 19" on the large.
